### Product Description

Berry Beautiful cold-presses its cranberry seed oil from locally grown cranberry seeds. In order to deliver the most healthy product possible, we do NOT use of any additives, solvents, chemicals or process aids in the manufacture of our oils.

| PHYSICAL SPECIFICATIONS | DESCRIPTION                                       | METHOD OF REGULATION    |
|-------------------------|---|-------------------------|
| Botanical Origin (USA)  | Vaccinium macrocarpon                             | Traceable to farm-level |
| Seed Drying             | 24 hours at temperatures below 120 <sup>o</sup> F | Company practice        |
| Oil Extraction          | Cold pressed – no solvents or additives           | Company practice        |
| Appearance              | Gold-colored with greenish hue                    | Visual                  |
| Aroma                   | Pleasant nutty/fruity                             | Olfactory               |
| Filtering               | Cold filtered to 5 microns                        | Company Practice        |

  

| CHEMICAL SPECIFICATIONS | DESCRIPTION   | METHOD OF ANALYSIS |
|-------------------------|---------------|--------------------|
| Peroxide Value          | <8.5 meq/L    | MWL FO PROC 33     |
| Heavy Metals            | None Detected | USP 730            |
| Specific Gravity        | 0.90 – 0.95   | ASTM D4052         |

  

| MICROBIOLOGICAL SPECIFICATIONS | DESCRIPTION  | METHOD OF ANALYSIS      |
|--------------------------------|--------------|-------------------------|
| Aerobic Plate Count            | <100 CFU/g   | AOAC 990.12             |
| E. Coli                        | Not Detected | AOAC 991.14             |
| Total Coliforms                | Not Detected | AOAC 991.14             |
| Salmonella                     | negative     | FDA/BAM Chapt 5./SDI RI |
| Staphylococcus aureus          | Not Detected | AOAC 2003.07            |
| Yeast                          | <100 CFU/g   | FDA/BAM chapter 18      |
| Mold                           | <100 CFU/g   | FDA/BAM chapter 18      |

  

| PROPERTIES                | TYPICAL RANGE | METHOD OF ANALYSIS |
|---------------------------|---------------|--------------------|
| Omega-3 Fatty Acids       | 28 - 34%      | AOAC 996.06        |
| Omega-6 Fatty Acids       | 30 – 36%      | AOAC 996.06        |
| Omega-9 Fatty Acids       | 20 - 28%      | AOAC 996.06        |
| Monosaturated Fatty Acids | 20 - 28%      | AOAC 996.06        |
| Saturated Fatty Acids     | 3.5 – 4.0%    | AOAC 996.06        |

  

|                     |           |      |
|---------------------|-----------|------|
| Tocotrienol Content | 1,600 ppm | HPLC |
| Tocopherol Content  | 180 ppm   | HPLC |

## CRANBERRY SEED OIL PRODUCT SPECIFICATIONS

### STORAGE RECOMMENDATIONS

Store in dark, cool, dry, ambient conditions. Protect from excessive heat.

### INGREDIENTS

Unrefined cranberry seed oil (*Vaccinium macrocarpon*)

### EXPECTED SHELF LIFE

Shelf life of two years from the date of manufacture

### PACKAGING

Berry Beautiful cranberry seed oil is available in 2 and 4 ounce glass bottles.

### HOW TO USE

Berry Beautiful cranberry seed oil should be applied to clean, dry skin. Put a few drops on palms, warm up the oil by rubbing palms together, then apply evenly on skin. It is an excellent facial oil that is particularly effective at eliminating fine lines around the eyes and neck area.

### PRODUCT OF THE PACIFIC NORTHWEST

# Berry Beautiful

## COLD-PRESSED CRANBERRY SEED OIL NOTHING MORE...NOTHING LESS

**Unmatched absorption and utilization by the skin  
due to perfectly balanced fatty acid content**

### IMPORTANT BENEFITS

- Superlative anti-ageing functionality due to unparalleled tocotrienol (“Super vitamin-E”) content.
- Provides maximum hydration for all skin types.
- Brightens skin.
- Maintains the health of skin cell membranes, which results in soft, moist and supple skin.
- Stimulates collagen production and acts to repair damaged collagen.

### KEY FEATURES

- Berry Beautiful manufactures cranberry seed oil from locally grown cranberry seeds. We press the seed ourselves
- Unrefined and cold-pressed, we carefully control temperatures during seed pressing
- Low temperatures (below 120° F) used during pressing preserves the integrity of fatty acids, vitamin-E and polyphenols
- NO additives, enzymes, chemicals, solvents or process aids of any kind are used in the manufacture of any of our oils
- High phytosterol content helps reduce signs of sun damage, reduce inflammation and offers relief for irritated skin
- Richest known source of tocotrienols
- For all skin types
- 1:1 ratio of essential fatty acids ensures the enhanced absorption of Omega-3 fatty acids by the skin
- Contains high levels of Vitamin A and E, carotenoids, phytosterols and polyphenols
- One of the most stable oils, with a shelf life of 2 years
- Does not leave a greasy residue
